

EXPO presentations

During the event, publishers, choir event organisers and other interested parties are invited to present themselves at the EXPO. The location of the EXPO is the hall of the library in Utrecht, situated on the Neude in the heart of the historical centre. This is also the place where the central desk of the event is located and where various sessions take place. Participants will therefore pass the EXPO regularly. The hall of the library is also freely accessible to non-participants. Deadline for registration for the EXPO as an exhibitor is 1 May 2022 via [this form](#). The offer for exhibitors can be read [here](#). Proposals for a presentation can be sent until 1 May 2022 by e-mail to music@leadingvoices.nl.

PRESENTATION OPTIONS AROUND EXPO

1. Tribune

The Tribune offers space for presentations of 15 or 30 minutes, focusing on presentations that invite participation. These presentations will be included in the side programme of the event and announced on the website and during the EXPO. The presentations are accessible free of charge to participants in the event or passers-by and visitors to the library.

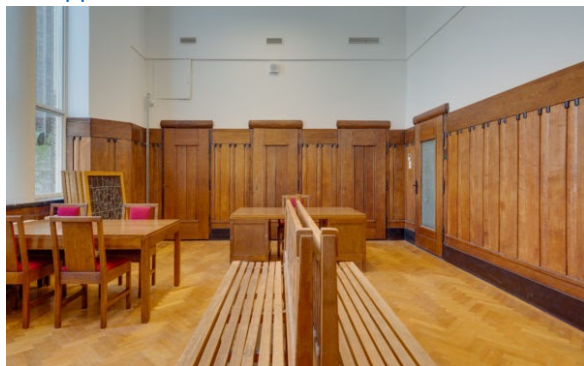

Practical De Tribune is located on the same floor as the EXPO (ground floor).

Please note that this location is a public space and therefore cannot be closed off. The escalator produces some noise in the background.

Leading Voices will provide a piano, a screen and a speakers set. Any other costs are to be borne by the presenter. There is no fee available for these presentations.

2. Board room

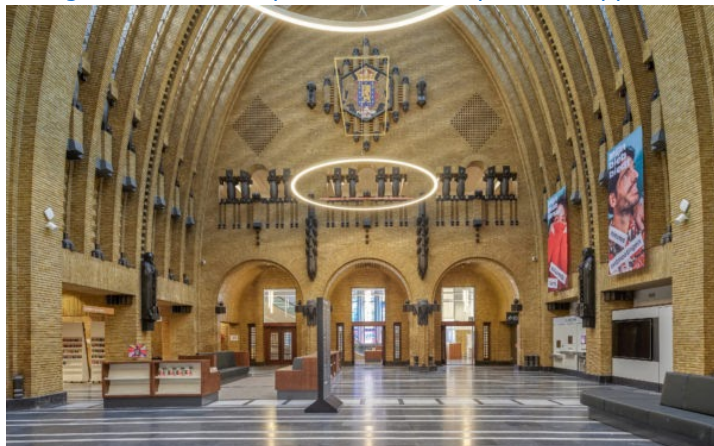

The Board Room is suitable for private (individual) sessions that are part of the side programme or related to the main programme and EXPO. The session is presented on the website and needs the approval of the Music Committee.

Practical The boardroom is an enclosed space and can be reached via the café Mr. Potter (which is also directly accessible from the library hallway). There are no technical facilities available here. These can be organised by Leading Voices at cost. There is no fee for these presentations.

3. EXPO stage

In the hall of the library, where the EXPO is located, a small stage will be set up for short performances or presentations. Performances can last up to 10 minutes in order to keep noise pollution for the organisations at the EXPO to a minimum. Presentations will be so-called 'soapbox' presentations where projects or activities can be pitched in a playful and appealing manner. The presentations are only announced in the hall of the EXPO and via social media during the event. The presentations require the approval of the Music Committee.

Practical The stage provides a piano and a speaker set. Other technical possibilities are not facilitated due to the nature of the programming of this stage. There is no fee available for these presentations.
